CoR in 60 Seconds

HOLDING REDLICH

- CoR is an element of the HVNL
- HVNL is a national* scheme of Model State laws
- CoR deals with overloading; fatigue management, speeding and load securing
- CoR is enforced by State authorities (eg RMS in NSW)
- CoR/HVNL recognises industry codes of practice as compliance resources

2015 ALC SUPPLY CHAIN SAFETY & COMPLIANCE SUMMIT

26 - 27 August 2015
Australian Technology Park Sydney

CHAIN OF RESPONSIBILITY IS YOUR RESPONSIBILITY

ALC Supply Chain Safety and Compliance Summit
Update on Actions from 2014 Summit

Summary:
The 2014 Summit was a landmark event for the industry, bringing together industry leaders to discuss the challenges of supply chain safety and compliance. The summit was a success, with a high level of participation and a number of key actions identified.

Key Actions:

- 1. Strengthening and Streamlining the ALC Code
- 2. Improving the ALC Code
- 3. Enhancing the ALC Code
- 4. Improving the ALC Code
- 5. Enhancing the ALC Code
