

Priority #5 – Safety & Wellness

Priorities

Description

Foster the community of practitioners to promote adoption and compliance with best practices in safety and wellness

Approach + Resource model

Initiatives

A | Sustain support in Healthy Heads in Trucks and Sheds and Foodbank, as our philanthropic partners

ALC to formalise these philanthropic partnerships

- Include partners in relevant ALC events
- Actively support partners strategic events/programs and where relevant promote to all ALC members and stakeholders

B | Foster the community of practice and facilitate adoption, compliance, best practice, and identification of next wave of safety challenges for the industry

Establish a network of ALC member subject matter experts (ALC Expert Distribution Network - Safety) to support:

- Identification of the next wave of safety challenges
- Knowledge transfer through regular policy updates, events, publications and promotion for improved adoption of methods and technologies to achieve best practice
