

ALC Supply Chain & Logistics Business Awards 2026

Supply Chain Innovation Award

Award Overview

The Innovation Award recognises organisations driving the ideas and solutions shaping the future of Australia's supply chain industry. It celebrates practical, scalable innovation — from technology, and infrastructure to workforce and new operating models — that delivers measurable improvement in productivity, sustainability or supply chain resilience.

Eligibility

- Organisations operating within Australia's supply chain industry including for example air, sea, road, rail, ports, warehousing, infrastructure, technology, retail, manufacturing or supply chain services.
- Demonstrates an innovation that has been delivered or significantly progressed within the past three years.
- Shows clear innovation beyond business-as-usual, including new or significantly improved technology, infrastructure, systems, processes or operating models.

Judging Criteria

Judges will assess nominations against the following criteria:

1. Innovation Leadership and Strategic Intent

- Leadership commitment to innovation
- Clear purpose and strategic rationale for the innovation
- Alignment with organisational and supply chain priorities

2. Innovation Design & Implementation

- Originality and effectiveness of the innovation
- Practical application and delivery
- Evidence of investment, resourcing and change management
- Demonstrates innovation beyond incremental improvement

3. Measurable Impact & Outcomes

- Evidence of measurable outcomes achieved within the past three years
- Demonstrated improvements in safety, productivity, sustainability and/or resilience
- Use of data, metrics or benchmarks
- Clear link between innovation and outcomes

4. Scalability

- Ability to scale up the innovation across the organisation
- Broader relevance to supply chain industry.
