

# ALC Supply Chain & Logistics Business Awards 2026

## Supply Chain Resilience Award

### Award Overview

This award recognises organisations demonstrating leadership in protecting supply chain continuity in an increasingly volatile operating environment. It celebrates effective planning and/or responses to disruption — including climate risk, geopolitical uncertainty, industrial challenges and energy pressures — ensuring long-term supply chain resilience.

### Eligibility

- Companies operating within Australia's supply chain industry including for example air, sea, road, rail, ports, warehousing, infrastructure, technology, retail, manufacturing or supply chain services.
- The initiative strengthens logistics against disruptions and disasters by focusing on sustainability, technology, people and risk management.
- An award-winning resilience initiative (developed over the last five years) will have increased capacity to withstand or recover quickly from difficulty.

### Judging Criteria

Judges will assess nominations against the following criteria:

#### 1. Risk Identification & Preparedness

- Clear understanding and identification of the supply chain risk and vulnerability being addressed
- Proactive and innovative planning, preparedness and investment

#### 2. Strategy & Implementation

- Demonstrated leadership under pressure and or/ creative planning for the next disruption
- The program plan outlining the pre-disruption process and plan for the future or implementation

#### 3. Evidence

- Clear link between actions taken and resilience outcome
- Evidence of improved continuity, reliability or recovery capability

#### 4. Impact – Potential or Actual

- Benefit to the supply chain, customers, community or industry
- Ability to protect against future shocks
- The potential to scale up or replicate for broader supply chain benefit.

### How to Apply

Application is online via the [ALC website](#).
